**ELECTION AND PRELIMINARY AMENDMENT**

Dear Sir:

Responsive to the Office Action mailed October 4, 2005 (hereinafter, the "Office Action"), setting forth a requirement for restriction and an election, Applicant elects group I, claims 3-12, 14, 15, 20-27, 30 and 32, as well as linking claims 1 and 2, without traverse. Applicant further elects species in which the protein capable of inducing a detectable signal is a luciferase or the signal is detectable by magnetic resonance imaging (MRI), the bacterium is *Vibrio cholerae*, and the disease is coronary artery disease. Applicant additionally chooses species in which the stem cell is autologous, the enzyme causes digestion of debris and the vector is a BAC. Applicant also amends the claims as provided herein.

**Amendments to the claims** are set forth in the Listing of Claims, which begins on page 2.

**Remarks/Arguments** begin on page 7 of this paper.
